 - (a) The nature of the project (e.g. manufacturing, commercial, tourism, high tech, etc.).
 - (b) The nature of the property before the project begins (e.g. vacant land, vacant building, brownfield site, blight, adaptive reuse, etc.).

4. Subject to the prior written approval by the IDA, tax exemptions may be transferable by the Project Operator only if the transferee of the Project retains the same or similar use of the Project within the same parameters of the original Project Operator.

b. Deviation Policy

1. The Agency reserves the right to deviate from any provision in this Uniform Tax Exemption Policy in special circumstances. In determining whether special circumstances exist to justify a deviation, the Agency may consider factors, which include but not be limited to the following:
 - a. The magnitude and/or importance of any permanent private sector job creation and/or retention of existing jobs related to the Project;
 - b. The impact of the Project on existing and proposed businesses and/or economic development projects;
 - c. The amount of private sector investment generated or likely to be generated by the Project;

2. Such Application shall contain the information requested by the Agency, including a description of the proposed Project and of each tax exemption sought with respect to the Project, the estimated value of each tax exemption sought with respect to the Project, the proposed financial assistance being sought with respect to the Project, the estimated date of completion of the Project, and whether such financial assistance is consistent with this Policy.

2. It is the general policy of the Agency that, notwithstanding the foregoing, the Project Operator of every non-governmental Project shall be required to enter into a Payment In Lieu of Tax Agreement (“PILOT”) with the Agency, either separately or as part of the Project documents. Such PILOT Agreement shall require payment of PILOT payments in accordance with the provisions set forth in this Policy.
3. The project documents shall provide that, if the Agency and the Applicant and/or Project Operator have entered into a PILOT Agreement, the terms of the PILOT Agreement shall control the amount of PILOT payments until the expiration or sooner termination of such PILOT Agreement.

b. Filing Requirements:

1. Pursuant to Section 874 of the Act and Section 412-a of the Real Property Tax Law as amended, no real property tax exemption shall be effective until a New York State Department of Taxation and Finance, Division of Equalization and Assessment Form EA-412-a (an “Exemption Form”) is filed with the assessor of each Affected Tax Jurisdiction.
2. The Agency will not file an Exemption Form with respect to the Project until a PILOT Agreement is executed and the Project documents stipulate that the Applicant and/or the Project Operator shall be required to make PILOT payments in such amounts as would result from taxes being levied on the Project by the Affected Taxing Jurisdictions as if the Project were not owned by or under the jurisdiction, supervision or control of the Agency.
3. Once an Exemption Form is filed with a particular Affected Tax Jurisdiction, the real property tax exemption for such project does not take effect until:
 - a) The next taxable status date for such Affected Tax Jurisdiction occurs subsequent to such filing.
 - b) An assessment roll for such Taxing Jurisdiction is finalized subsequent to such tax status date.
 - c) Such assessment roll becomes the basis for the preparation of a tax roll for such Affected Tax Jurisdiction, and
 - d) The tax year to which such tax roll relates commences.

c. Property Assessments:

1. It is the general policy of the Agency to have the City, Town or Village Assessor establish the assessed value of a Project owned by or under the jurisdiction, supervision or control of the Agency.
2. Commencing in the first taxable year after execution of the PILOT, the Assessor for the Affected Taxing Jurisdiction in which the Project is located shall assess the Project Facility in the same manner and using the same valuation method as other similar properties in the general area of the Project Facility.
3. The Project Operator shall be entitled to prompt written notice of the initial Assessed Value and of any change in the Assessed Value. If the Project Operator is dissatisfied with the amount of the Assessed Value of the Project Facility as initially established or as changed, the Project Operator shall have the right to contest the Assessed Value of the Project Facility made for the purposes of determining any payments due under the PILOT Agreement and to seek a refund of any such payments made.
4. The Project Operator’s challenge to the Assessed Value of the Project Facility and its determination to seek a refund of any payments made hereunder shall be made in accordance with New York Real Property Tax Law.

2. The Agency may grant enhanced Real Property Tax Exemptions on a case-by-case basis for projects expected to have significant economic impacts, in accordance with the Deviation Policy set forth herein
3. If a Project Operator or Applicant incurs a default, under the terms of a PILOT Agreement, the Project Operator shall be responsible to:
 - a) Reimburse all of the Agency’s legal costs to pursue remedying the default.
 - b) Pay the Agency a \$1,000 fee for each default.
4. If a Project Operator or Applicant requests an early termination of a PILOT Agreement with the Agency, the Project Operator or Agent shall be responsible for issuing a payment to the Agency of \$1,000/year for each year the PILOT Agreement was in effect as well as the Agency’s legal and other fees associated with processing a request for early termination..

1. The Agency is not exempt from special assessment and special ad valorem levies. As a result, these amounts are not subject to tax exemptions by reason of ownership of the Project by the Agency.
2. The Project Operator shall be responsible for the payment of all special district taxes ad valorem levies imposed by all Affected Taxing Jurisdictions.

f. PILOT Payments:

1. Unless otherwise determined by resolution of the Agency, all PILOT payments payable to an Affected Tax Jurisdiction shall be paid directly to the Affected Tax Jurisdiction by the Project Operator/Agent within thirty (30) calendar days of the receipt of a PILOT invoice.
2. The Project Operator/Agent shall, upon submitting all PILOT payments to affected taxing jurisdictions, submit a copy of said payments along with the invoice from the affected taxing jurisdiction to the Agency.

2. In addition, such Affected Tax Jurisdiction may petition the Agency to exercise whatever remedies that the Agency may have under the Project documents to enforce payment. If such Affected Tax Jurisdiction indemnifies the Agency and agrees to pay the Agency's costs incurred in connection therewith, the Agency may take action to enforce the PILOT Agreement.
3. If the Agency's approval of a particular Project is predicated upon achievement by the Project Operator/Agent of certain minimum goals, i.e. creating and/or maintaining certain minimum employment levels, the PILOT Agreement may provide for the reduction or elimination of PILOT benefits, if, in the sole judgment of the Agency, the Project has failed to fulfill such minimum requirements.
4. If the Applicant or Project Operator after reasonable notice, fails to comply with Project reporting required by the Agency including, but not limited to, annual verification of proper insurance coverage, employment reporting as required under the Act, the Agency may in its sole judgment terminate the PILOT Agreement and make no real estate tax exemption available.

i. Real Property Appraisals:

1. Since the policy of the Agency is to base the value of a Project for payment in lieu of tax purposes on a valuation of such Project performed by the local Assessor, normally a separate real property appraisal is not required. However, the Agency may require the submission of a real property appraisal if,
 - (i) The assessor of any particular Affected Tax Jurisdiction requires one, or
 - (ii) If the valuation of the Project for payment in lieu of tax purposes is based on a value determined by the Project Operator, rather than by an assessor for a Taxing Jurisdiction or by the Agency.

2. If the Agency requires the submission of a real property appraisal, such appraisal shall be prepared by an independent MAI certified appraiser acceptable to the Agency.
3. The Project Operator shall be responsible for paying for the cost of hiring said appraiser.
